DEDICATION

KNOW ALL PEOPLE BY THESE PRESENTS that we, the undersigned owners of interest in the land hereby short subdivided, hereby declare this short plat to be the graphic representation of the short subdivision made hereby, and do hereby dedicate to the use of the public forever all streets and avenues not shown as private hereon and dedicate the use thereof for all public purposes not inconsistent with the use thereof for public highway purposes, and also the right to make all necessary slopes for cuts and fills upon the lots shown thereon in the original reasonable grading of said streets and avenues, and further dedicate to the use of the public all the easements and tracts shown on this short plat for all public purposes as indicated thereon, including but not limited to parks, open space, utilities and drainage unless such easements or tracts are specifically identified on this short plat as being dedicated or conveyed to a person or entity other than the public, in which case we do hereby dedicate such streets, easements, or tracts to the person or entity identified and for the purpose stated.

Further, the undersigned owners of the land hereby short subdivided waive for themselves, their heirs and assigns and any person or entity deriving title from the undersigned, any and all claims for damages against King County, its successors and assigns which may be occasioned by the establishment, construction, or maintenance of roads and/or drainage systems within this short subdivision other than claims resulting from inadequate maintenance by King County.

Further, the undersigned owners of the land hereby short subdivided agree for themselves, their heirs and assigns to indemnify and hold King County, its successors and assigns, harmless from any damage, including any costs of defense, claimed by persons within or without this short subdivision to have been caused by alterations of the ground surface, vegetation, drainage, or surface or sub-surface water flows within this short subdivision or by establishment, construction or maintenance of the roads within this short subdivision. Provided, this waiver and indemnification shall not be construed as releasing King County, its successors or assigns, from liability for damages, including the cost of defense, resulting in whole or in part from the negligence of King County, its successors, or assigns.

This subdivision, dedication, waiver of claims and agreement to hold harmless is made with the free consent and in accordance with the desires of said owners.

IN WITNESS WHEREOF we set our hands and seals

JOHN F. BUCHAN CONSTRUCTION, INC., A WASHINGTON CORPORATION, BY:

EASEMENT PROVISIONS:

An easement is hereby reserved for and granted to Puget Sound Power and Light Company, U.S. West Communications, Washington Natural Gas Company, and Sammamish Plateau Water & Sewer District and their respective successors and assigns, under and upon the exterior 10 feet, parallel with and adjoining the street frontage of all lots and tracts in which to install, lay, construct, renew, operate and maintain underground conduits, cables, pipe, and wires with necessary facilities and other equipment for the purpose of serving this subdivision and other property with electric, telephone, and utility service together with the right to enter upon the lots at all times for the purposes herein stated. Also, each lot shall be subject to an easement 2.5 feet in width, parallel with and adjacent to all interior lot lines for purposes of utilities and drainage.

No lines or wires for the transmission of electric current or for telephone use, CATV, fire or police signals, or for other purposes, shall be placed or permitted to be placed upon any lot outside the buildings thereon unless the same shall be underground or in conduit attached to the building.

THE ROAD AND DRAINAGE SYSTEM SHALL BE CONSTRUCTED ACCORDING TO THE PLAN AND PROFILE, PLAN NO. P 1519 ON FILE WITH KING COUNTY BUILDING AND LAND DEVELOPEMENT (B.A.L.D.). ANY DEVIATION FROM THE APPROVED PLANS WILL REQUIRE WRITTEN APPROVAL FROM THE PROPER AGENCY, CURRENTLY B.A.L.D.

BUILDING SETBACKS & NATIVE GROWTH PROTECTION EASEMENTS

Structures, fill & obstructions (including but not limited to decks, patios, outbuildings, or overhangs beyond 18 inches) are prohibited beyond the building setback line, and within 25 year flood plains (if applicable), and within the Native Growth Protection Easements (s) as shown.

Dedication of a Native Growth Protection Easement (NGPE) conveys to the public a beneficial interest in the land within the easement. This interest includes the preservation of native vegetation for all purposes that benefit the public health, safety and welfare, including control of surface water and erosion, maintenance of slope stability, visual and aural buffering, and protection of plant and animal habitat. The NGPE imposes upon all present and future owners and occupiers of land subject to the easement the obligation, enforceable on behalf of the public by King County, to leave undisturbed all trees and other vegetation within the easement. The vegetation within the easement may not be cut, pruned, covered by fill, removed or damaged without express permission from King County, which permission must be obtained in writing from the King County Building and Land Development Division or its successor agency.

Before beginning and during the course of any grading, building construction, or other development activity on a lot subject to the NGPE, the common boundary between the easement and the area of development activity must be fenced or otherwise marked to the satisfaction of King County.
